}
```

```
a:active {
background-color: hotpink;
}
```

```
</style>
```

```
<body>
```

A [paragraph](google.co.in) is a series of related sentences developing a central idea, called the topic. Try to think about paragraphs in terms of thematic unity: a paragraph is a sentence or a group of sentences that supports one central, unified idea. Paragraphs add one idea at a time to your broader argument.

```
</body>
```

```
</html>
